NOTICE OF PROPOSED RULEMAKING

Adopted: June 9, 2011

Released: June 10, 2011

Comment Date: [15 days after date of publication in the Federal Register]

Reply Comment Date: [25 days after date of publication in the Federal Register]

By the Chief, Video Division, Media Bureau:

1. The Commission has before it a petition for rulemaking filed by Gray Television Licensee, LLC ("Gray"), the licensee of WEAU-TV, channel 13, Eau Claire, Wisconsin. Gray requests the substitution of channel 38 for channel 13 at Eau Claire.

2. Gray states that the tower holding WEAU-TV's main antenna collapsed on March 22, 2011, and that it is moving quickly to rebuild the tower in order to resume full-power operations. In addition to rebuilding the tower, Gray must also replace the station's transmission equipment that was destroyed in the tower collapse and requests the channel substitution "so that it can leverage this significant, unplanned cost in a way that best serves the public interest." According to Gray, moving WEAU-TV to a UHF channel would benefit the public by resolving over-the-air reception problems in certain portions of the station's predicted service area and by improving the station's ability to provide service to viewers using hand-held and mobile devices in the future.

3. We believe that Gray's proposal warrants consideration. Channel 38 can be substituted for channel 13 at Eau Claire, Wisconsin, as proposed, in compliance with the principal

1 Petition for Rulemaking at 1. The station is currently silent due to the tower collapse (FCC File No. BLSTA-20100331ABR) and its programming is being carried temporarily on a multicast stream of WQOW-TV, which is also licensed to Eau Claire. Id. at n.2.

2 Petition for Rulemaking at 1.

3 Id. at 1-2. Gray states that while WEAU-TV's staff has worked with viewers in pockets of the station's service area that reported difficulties receiving the station's digital signal on channel 13 since the end of the digital transition, it believes that the only solution is to move to a UHF channel. Id. at 2.

community coverage requirements of Section 73.625(a) of the Commission's rules,⁴ at coordinates 44-39-50 N. and 90-57-40 W. In addition, we find that this channel change meets the technical requirements set forth in Sections 73.616 and 73.623 of the Commission's rules.⁵ We propose to substitute channel 38 for channel 13 for station WEAU at Jackson with the following specifications:

City and State	DTV Channel	DTV Power (kW)	Antenna HAAT (m)
Eau Claire, Wisconsin	38	1000	616

4. Accordingly, we seek comments on the proposed amendment of the Post-Transition Table of DTV Allotments, Section 73.622(i) of the Commission's rules,⁶ for the community listed below, to read as follows:

City and State	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Eau Claire, Wisconsin	13, 15	15, 38

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. If the parties resolve their mutual-exclusivity, we will complete the rulemaking process by issuing the appropriate order. If the parties are unable to resolve their mutual-exclusivity, we will terminate this proceeding and dismiss the application.

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the DTV Table of Allotments, Section 73.622(i). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, § 3506(c)(4).

APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the Post-Transition Table of DTV Allotments, 47 C.F.R. Section 73.622(i), as set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of the filings in this proceeding;

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.) Because the Commission has not yet lifted its freeze on the filing of petitions for rulemaking to establish new DTV channel allotments and for changes in community of license,¹⁰ we will not consider counterproposals which propose new allotments or changes in community of license.

(b) With respect to petitions for rule making which conflict with the proposal in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. The person filing the comments shall serve comments on the petitioners. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A
